

U.S. STAT

We are the highly specialized Medical Specimen Transport Program of U.S. Messenger. Our program has over thirty years of experience and is lead by our Senior Director, Charles Aguirre formerly of Rapid Medical Delivery Services and Program Director, Aaron Meier a 15 year veteran of the expedited, critical care transportation industry.

Are you exploring ways to decrease your overall operating costs, while maintaining your transportation requirements? Have you considered outsourcing, to support or eliminate the costly in house logistics department? **U.S. STAT** is the transportation specialists program you are searching for.

SPECIMEN INTEGRITY SAFEGUARDS

- A local or regional proximity between the supplier and the customer.
- All specimens are transported in OSHA approved temperature specific coolers only. Each temperature maintained throughout transport.
- We maintain electronic and written documentation verifying couriers have received OSHA's hazardous material training.
- We provide you with the necessary compliance approved documentation to improve your audit results.

CUSTOMIZED PROCEDURES

- We never close, open 24/7, 365 days a year.
- Your specific routines and requests are met in every detail.
- Your time schedules are followed.
- We blend our logistic expertise into your operation.
- Route staffing for replacement or to support your in house operation.
- Route Optimization services.

WE OFFER A FREE CONSULTATION TO SEE HOW WE CAN HELP REDUCE YOUR COSTS, ADDRESS YOUR TRANSPORTATION PROBLEMS AND ASSIST YOU IN THE PATIENT CARE PROCESS. PLEASE GIVE **U.S. STAT** A CALL AT **1-866-788-0600** TO SET UP YOUR FREE CONSULTATION APPOINTMENT.

BUILDING RELATIONSHIPS ON TRUST AND PERFORMANCE

OUR COURIERS

- EMPLOYEES not Independent Contractors. Covered with Workers Compensation Coverage for your protection.
- All are immediately recognizable. Professionally dressed in uniforms with photo ID badges.
- All are equipped with data, direct connect, cell phones for immediate dispatch.
- All are OSHA certified, HIPPA compliant, TSA certified and receive continuous and updated training.
- We periodically inspect each vehicle to insure a clean and orderly means of specimen transportation.
- All order information is instantly electronically transmitted.
- We utilize a written documentation procedure for added backup tracking of all orders.

ORDER ENTRY

- You can call to place an order and speak with one of our knowledgeable Customer Service Representatives.
- You can enter your own orders online through our secured Order Entry System.
- Our state of the art on-line system allows you all of the customizable, meaningful report ability that you require.
- We insure immediate Email confirmation throughout the order progress, from order entry to the completion of the order with POD and signature verification.
- Specialized instructions can be added to all or one order at a time. Specific types of packages, delivery services, and reference codes to match your system. Any information you require can be customized to your specific needs and can be easily changed as needed.
- Instant invoice verification and electronic log for personnel accountability.
